The Dentaurum 10-Year Anniversary tomas® TAD Conference

November 6th - 7th 2015 | Boca Raton Resort & Club | Boca Raton, FL

Ten years advancing the practice of TAD-based orthodontic treatment. Join us and learn the latest techniques for mastering effective TAD placement and mechanics.

Exclusive 2015 TAD conference lectures: same science, greater clinical excellence. Amongst others, Dr. Baumgaertel will discuss the following topics.

Dr. Sebastian Baumgaertel | Cleveland, OH

Ten years of tomas® – the definitive course on proper mini-implant use

Dr. Baumgaertel has lectured worldwide on various orthodontic topics including orthodontic mini-implants and cone beam computed tomography. He has published multiple scientific articles and acts as a reviewer for a number of high-profile journals (e.g. American Journal of Orthodontics and Dentofacial Orthopedics). Additionally, he is author and co-editor of two textbooks: Dr. Baumgaertel is a Clinical Associate Professor at Case Western Reserve University in Cleveland, OH, where he serves as Director of the subspecialty clinic for skeletal anchorage and instructor of the orthodontic biomechanics course. Dr. Baumgaertel also maintains an active private practice in the Cleveland, OH area. In addition, he is a visiting Professor at the University of Melbourne, Australia.

Day of tomas® pin insertion

Final result, protraction complete

Dr. S. Jay Bowman | Kalamazoo, MI

Don't be afraid, I've done this before...with mini-screws

Dr. Bowman is a member of the Angle Society, Fauchard Academy, International and American College of Dentists, and a Diplomate of the American Board of Orthodontists. He is on the faculty of Saint Louis University, The University of Michigan, Case Western Reserve University, and Seton Hill University. He has lectured in 36 countries and penned over 130 publications and book chapters, including co-authoring /editing, Mini-implants in Orthodontics: Innovative Anchorage Concepts. Dr. Bowman has experience inserting 2500 + mini-screws from a dozen different systems. He has also created several auxiliaries and appliances for mini-screws, including the Horseshoe Jet appliance.

Day of tomas® pin insertion, full step class III

Final result, class III corrected

Dr. Joseph Petrey | Somerset, KY

Unique TAD mechanics: Complicated cases treated in uncomplicated ways

Dr. Petrey received his Masters in Public Health, D.M.D., and Orthodontic training from the University of Kentucky and maintains active private practices in Somerset, Corbin, and Hazard, KY. He has authored multiple articles on TAD insertion & application and has contributed to several TAD clinical reference guides. Dr. Petrey lectures nationally on optimal TAD insertion techniques for success, as well as innovative applications of TADs, and the use of TADs with lingual appliances as well as lectures on traditional orthodontic treatment, treatment planning, and general practice principles.

Let Dr. Baumgaertel teach you his new t-wire protraction protocol for asymmetric and extreme protraction cases.

Also new in this TAD conference, never before seen tomas® class III treatment protocols, able to correct even severe class III malocclusions, non-extraction, non-surgical.

The Dentaaurum 10-Year Anniversary tomas® TAD Conference

- Learn the latest techniques for mastering effective TAD placement and mechanics.
- Achieve greater clinical excellence.
- Participation in the optional Typodont Hands-On session will provide the practitioner with an opportunity to work with the tomas® Auxiliary Kit components, the Dentaaurum system of TAD specific auxiliaries. Each participant will set-up 4 TAD specific mechanics on a typodont, and this hands-on course is taught by Dr. Sebastian Baumgaertel. At the end of this 2 hour course, each participant may keep the typodont for future patient consultation.
- Enjoy the opportunity to discuss TAD patient cases, share thoughts and ideas with fellow colleagues regarding the ever developing TAD subject matter and protocols. All in the beautiful setting of the Boca Raton Resort and Club.
- Participate in our open Panel Discussion with three leading TAD specialists (Dr. Sebastian Baumgaertel, Dr. S. Jay Bowman, and Dr. Joseph Petrey).
