

# Keeler Dental Loupes

The brand choice for thousands of Dentists

# Take a closer look

Magnification allows you to do a better job. If you can't see it, you can't work on it. The benefits of Keeler loupes are immediately clear: improved working posture, reduced eye strain and now, with the new LED head light, your working view is even clearer.

Laser aligned optics for magnification of superb optical quality, a lightweight aluminium assembly and precise pupil alignment system make Keeler loupes the perfect choice for thousands of Dentists.

## Let Keeler loupes take the strain

Keeler Loupes are comfortable to wear and work with, helping reduce eyestrain. By bringing your patients closer you can improve your posture and avoid stooping.

## Multiple magnification levels

Keeler Loupes offer performance matched to dentistry requirements. Multiple magnification levels enable you to see more, spot problems earlier and offer even higher levels of precision treatment.

## Patient comfort

Patients will feel more comfortable and at ease with increased personal space as you work from a greater distance.

# SuperVu Galilean system

Delivering 2.0x, 2.5x and 3.0x magnification.

The true benefit of this system is ease of use. Movement while maintaining focal clarity is made possible to superior depth of field. The lightweight aluminium bar and individual pupillary adjustment provides stability for the mounted loupes and optimal focal alignment, eliminating headache and eyestrain.

SuperVu Galilean system

### Part Numbers

#### 2.0x Magnification

2112-P-1002 SuperVu 2.0x Magnification @ 34cm working distance

2112-P-1003 SuperVu 2.0x Magnification @ 46cm working distance

#### 2.5x Magnification

2112-P-1010 SuperVu 2.5x Magnification @ 34cm working distance

2112-P-1011 SuperVu 2.5x Magnification @ 42cm working distance

2112-P-1012 SuperVu 2.5x Magnification @ 46cm working distance

2112-P-1013 SuperVu 2.5x Magnification @ 50cm working distance

#### 3.0x Magnification

2112-P-1022 SuperVu 3.0x Magnification @ 34cm working distance

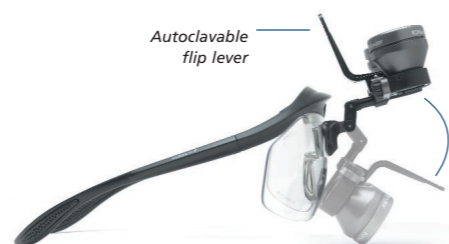

2112-P-1023 SuperVu 3.0x Magnification @ 42cm working distance

2112-P-1024 SuperVu 3.0x Magnification @ 46cm working distance

2112-P-1025 SuperVu 3.0x Magnification @ 50cm working distance

## Autoclavable flip lever

Helps prevent contamination. Enables loupes to be easily flipped from your line of sight.

Autoclavable flip lever

# NEW SuperVu Hi-Res Galilean system

Delivering 3.0x magnification.

Keeler have designed a new Hi Resolution Galilean Loupe which exceeds the standards previously attained. The 5 element loupe gives a true 3x magnification with a 15% increased field of view and a perfectly flat field from edge to edge.

NEW SuperVu Hi-Res Galilean system

Protective Caps

### Part Numbers

#### 3.0x Magnification

2112-P-1050 SuperVu Hi Res 3.0x @34cm working distance

2112-P-1051 SuperVu Hi Res 3.0x @42cm working distance

2112-P-1052 SuperVu Hi Res 3.0x @46cm working distance

2112-P-1053 SuperVu Hi Res 3.0x @50cm working distance

#### SuperVu accessories

2112-P-8049 Protective Caps

2112-P-8057 +1D Near distance Caps

# XL Advantage system

Delivering 3.5x, 4.5x and 5.5x magnification.

Higher magnification for advanced surgical procedures. Prismatic quality guarantees a true image. Edge to edge clarity and precise colour rendition is ideal for intricate applications. The XL's precision lenses are treated with an anti-reflective coating to produce a superior image.

XL Advantage system

### Part Numbers

#### 3.5x Magnification

2113-P-2004 XL Advantage 3.5x Magnification @ 34cm working distance

2113-P-2005 XL Advantage 3.5x Magnification @ 42cm working distance

2113-P-2006 XL Advantage 3.5x Magnification @ 46cm working distance

#### 4.5x Magnification

2113-P-2008 XL Advantage 4.5x Magnification @ 34cm working distance

2113-P-2009 XL Advantage 4.5x Magnification @ 42cm working distance

2113-P-2010 XL Advantage 4.5x Magnification @ 46cm working distance

#### 5.5x Magnification

2113-P-2012 XL Advantage 5.5x Magnification @ 34cm working distance

2113-P-2013 XL Advantage 5.5x Magnification @ 42cm working distance

2113-P-2014 XL Advantage 5.5x Magnification @ 46cm working distance

# NEW K-L.E.D. gives long lasting white light

The K-L.E.D. head light produces a homogeneous light patch of up to 18000 lux.

The 3W L.E.D. is mounted coaxially on the loupe bar and is powered by a lithium battery pack giving 4 hours continuous use. The K-L.E.D. comes with two battery packs and a charging unit that can hold and charge both packs simultaneously, as well as being a convenient container to keep loupes when not in use. The K-L.E.D. can be retrofitted to all Keeler loupes.

NEW K-L.E.D. and SuperVu Hi-Res Galilean system

K-L.E.D. and SuperVu Galilean system in charging unit

## Part Number

2004-P-1000 K-L.E.D. head light and charging unit

## Designed for comfort

Choose from the design award winning frames, the Keeler standard frame or a headband mounted system to mount your loupes.

Adaptable to all prescriptions.
